

## Public Information Suggestions

### **\*Spreading the Word of our solution\***

Getting the word out in your community about OA's program of recovery is critical for the OA Fellowship to continue. The PI (Public Information) Suggestions page offers guidance to OA groups and service bodies for educating their communities about the existence of OA.

Here's the link to our Region9 website where you can find PI information:

<http://www.oaregion9.org/service/public-information-committee/>

And this is the link to our World Service Office website with even more PI suggestions, such as 'Let people know about your meeting', and 'Carrying the message guidelines':

<https://oa.org/groupsservice-bodies/resources/public-information-suggestions/>

\*

**Did you know your service body can apply for a special fund** both at the OA Region9 and at our World Service Office to host an exhibit at a professional tradeshow, that might otherwise be too costly?

Information can be found at:

<http://www.oaregion9.org/service/translation-of-oa-literature/>

and

<https://oa.org/groupsservice-bodies/resources/public-information-suggestions/>

\*

**Do you want our latest PI poster in your language too?**

Our R9 PI committee is translating the winner of the poster-competition, 'Stop hurting yourself with food'. We have already translated them in Hebrew, Dutch and Swiss-French!

In Israel there has already been an ad campaign for two weeks on public buses!

Whoohoo!

The (general) French, Danish, Polish and German versions are coming soon!  
Please contact us for the files to edit this poster in your language at:  
[pichair@oaregion9.org](mailto:pichair@oaregion9.org)

You can also download older PI posters to share our solution!  
<https://oa.org/groupsservice-bodies/resources/public-information-suggestions/>

\*

Together we can do what we could never do alone!  
Love in service,  
Region9 PI committee
